

Do your books faster, more accurately and save money at the same time!

[Learn more](#)

We're always looking for ways to help you complete your books faster, more accurately and to save you money at the same time. So recently we teamed up with the world's leader in accounting solutions, **QuickBooks Online**, to bring you an online solution that'll do just that:

Do business anytime

QuickBooks Online is available on all your devices so you can manage the cashflow and health of your business anytime.

Get paid faster

Send customised quotes and invoices and get paid 15 days faster with more way to accept payments.

Profit you can picture

Instantly see how much you're making. Understand where your money is going so you can plan for what's next.

To help you get started, for just **\$20 a month**, you'll get:

- QuickBooks Online to help you track expenses, customise invoices, run reports anywhere, anytime, on any device
- Unlimited online training*
- Unlimited phone support*
- Your data converted from other accounting software*
- Assistance to get up and running on QuickBooks Online

* Call the team for more details

If you're already using QuickBooks Online, call the team to learn how you too can take advantage of this special offer.

This limited offer is available until **15 December** so call the team on **(07) 4632 3155** to register your interest. We'll also put you in the draw to win a new iPad to help keep you connected.

We've partnered
with Intuit
QuickBooks Online to give our
clients substantial savings on
subscription costs
Contact us to find out more

QuickBooks Online is #1 cloud accounting solution for small business worldwide*

Here's how it could benefit your business too:

Create branded invoices and quotes

Quickly generate and customise professional invoices and quotes, then send them by email.

Get things done when you are on the go

Access real-time customer information and send estimates or invoices from your iPad, iPhone or Android device.

Connect to your business bank account

Automatically import and reconcile bank account transactions from major banks.

Track sales and expenses

Up to date view of sales, full details of expenses and a clear view of profit.

Track and manage your tax

Instantly view your tax liability and get all you need to complete your tax return, every quarter.

Automatic backups

QuickBooks automatically backs up your data every day, keeping your figures safe.
